

# Callide

**RHODES GRASS**  
*Chloris gayana*

<b>Seeding Rate</b>	<b>kg/ha</b>
Dryland	N
High Rainfall/Irrigation	N

**Seed Treatment** Goldstrike® XLR8™

**Description**  
Improved subtropical Rhodes grass variety

**Market Segment/Target**  
Beef, dairy and hay production

**Features**  
Drought tolerant  
Later flowering than Katambora  
Improved palatability

**Benefits**  
More productivity than Katambora  
Greater palatability gives better feed conversion  
Persistence and quality

<b>Range</b>	
Low Bloat™	N
Super N Fixer™	N
XtraLeaf®	N

<b>SEED AGRONOMY TABLE</b>	
Maturity	N
Hard Seed Level (description)	N
Waterlogging Tolerance	N
